2026-2027 Crash N Bash 1/18 & 1/24 Scale Rules

Classes 1

Daily Driver Class Details: 1

- Electronics 2
- Max Length 2
- Frame Rails: 2
- Body: 2
- Battery: 2
- Exclusions: 2

Weekend Warrior Class Details: 3

- Electronics 3
- Max Length 3
- Frame Rails: 3
- Body: 3
- Battery: 3
- Axles: 3
- Wheels: 3
- Exclusions: 3

Ultimate Outlaw Class Details: 4

- Electronics 4
- Max Length 4
- Frame Rails: 4
- Body: 4
- Battery: 4
- Axles: 4
- Wheels: 4

Classes

Daily Driver Class •

Intended to resemble a vehicle that could be street legal if it were life-sized, without visible extreme modifications for rock crawling aside from tires.

Weekend Warrior Class •

Intended to resemble a vehicle that could possibly be street legal if it were life-sized, with noticeably visible modifications for rock crawling.

Ultimate Outlaw Class •

Not intended to resemble a street legal vehicle and would need to be trailered to an event if it were life-sized, extremely modified for rock crawling off-road use only. ANYTHING GOES CLASS.

Daily Driver Class Details:

Electronics: Any, no exclusions.

Max Length:

- 8” axle nut to axle nut.

Frame Rails:

- Stock rails or equivalent only. Equivalent rails must have the same stock shock mounting positions and a zero-degree skid.

Body:

- Body must cover chassis rails. No half cabs.
- Body must cover approximately 25% or more of tires.
- Body can be trimmed to fit the tires.

Axles:

- Must fit to center of the body’s wheel/fender (can trim to fit tires).

Wheels:

- 1.0”

Tires:

- 58mm max diameter.

Battery:

- 2s or 3s.

Exclusions:

- No four-wheel steer (4WS).
- No unlockable rear transmission (DIG).**
- No battery on axle (BOA).
- No motor on axle (MOA).

**Allowed on vehicles but cannot be used. If activated during a scored run an automatic DNF will be applied.

Weekend Warrior Class Details:

Electronics: Any, no exclusions.

Max Length:

- 8” axle nut to axle nut.

Frame Rails:

- Stock, stock replacement, or LCG chassis.

Body:

- Full bodied and or half cabs are allowed.

Battery:

- 2s or 3s.

Axles:

- Must fit to the center of the wheel well/fender (can trim to fit tire).
- Half cabs front axle must sit center of wheel well/fender (can trim to fit tire).

Wheels:

- 1.0” - 1.3” max.
- 64mm max diameter.

Exclusions:

- No four-wheel steer (4WS).
- No unlockable rear transmission (DIG).**
- No battery on axle (BOA).
- No motor on axle (MOA).

**Allowed on vehicles but cannot be used. If activated during a scored run an automatic DNF will be applied.

Ultimate Outlaw Class Details:

Electronics: Any, no exclusions.

Max Length:

- 8” axle nut to axle nut.

Frame Rails:

- No exclusions. Vehicles should resemble something that could be driven if it were full-sized, e.g., opening for windows, and/or windshield, a roof or cage, hood.

Body:

- Full bodied, cage frame, chassis frames, half cabs, ATV.

Battery:

- 2s or 3s.

Axles:

- No exclusions.

Wheels:

- 1.0” - 1.8” max.
- 74mm max diameter.
