

**ON-ROAD CLASS RULES:
TRAXXAS 4-TEC 2.0 BOX STOCK**

CHASSIS:	Traxxas 4-TEC 2.0 RTR or Roller
BODY/WING:	Traxxas 4-TEC Body
WHEELS/TIRES:	Stock TRA8373 (Front) TRA8374 (Rear)
MOTOR:	Stock Titan 12T Brushed
ESC:	Stock XL-5 Brushed
SERVO:	Stock TRA2075
GEARING:	Stock 21T Pinion / Stock 70T Spur Gear
RADIO:	Stock TQ Transmitter
BATTERY:	Traxxas 5800mah 2S LiPo TRA2843X

1. Intended as an inexpensive entry level class that allows you start racing without building a car ground up
2. No upgrades or non-Traxxas parts are allowed on the vehicle; Box Stock means *as it comes out of the box*.
3. Motor label must be intact showing that it is indeed a Titan 12T Brushed. No alterations or tuning of the motor is allowed other than initial break-in, cleaning, and lubing.
4. The wheels and tires that the vehicle comes with are the only wheels and tires allowed other than the colored variants of TRA8373 and TRA8374 (SXT 3.0 Traction Compound is allowed)
5. Stock Gearing is 21T Pinion (TRA2421) and 70T Spur (TRA8357)
6. Bodies allowed include all of the 4-TEC bodies made by Traxxas: TRA8311, TRA8391, TRA8386, TRA8312. Bodies must be painted with no additions or alterations.
7. The Servo cannot be upgraded other than to a TRA2075X for durability (metal servo gears can be installed into the TRA2075 instead of buying a TRA2075X). The High-Speed Servo TRA2075R is not allowed.
8. Differential oil/grease can be changed
9. Shock oil can be changed
